

# **Carl Proctor ACMA CGMA CMIIA CISA**

## **Experience and background**

I have over 25 years' experience working in a number of sectors, including banking and financial services, the public sector, the cash management industry and currently the transport industry. I work within the global internal audit team of FirstGroup plc, a multinational passenger transport company which operates within the UK, North America and India. I have spent the last 11 years within internal audit.

I am a Chartered member of the UK Institute of Internal Auditors; a Chartered Management Accountant and a Certified Information Systems Auditor.

## **CIA training**

I have been a trainer for the UK Chartered Institute of Internal Auditors for the last five years. I deliver revision workshops, and face-to-face taught courses, for the CIA Part 3 exam. I also write practice multiple choice questions for CIA parts 1,2 and 3, which are published on the UK IIA website for members to use. I have refreshed and updated the training materials for CIA Part 3, used by students at the revisions workshops and taught courses, as well as drafting exercises and suggested answer guides for students to use to self-assess their knowledge.

I previously taught courses for the UK Diploma P2 exam – Financial Risks and Controls. I have also written learning material for the Qualification in Audit Leadership (QIAL) Business Ethics syllabus, which is published on the UK IIA website.

One of my key focus areas is exam technique. I believe this is vitally important for any student sitting an exam, to ensure that the student manages their exam time correctly to maximise the marks they can achieve.
